

Nicosia, May 2010

Withdrawal from Examinations and Non-appearance

Except when prevented by **medical reasons or other sufficient cause**, a candidate who fails to present himself/herself for examination will be deemed to have failed the exam. **Misreading of the examination timetable will not be regarded as 'sufficient cause'**. If, for any reason, a candidate is unable to attend an examination, he/she should report the circumstances in writing, and attach all the necessary documentation if appropriate, to Room 37 in Nicosia and the Studies Office in Limassol **by the 12th of June 2010.**

All cases will be examined by a special committee and student will be informed whether their absence is considered justified. If so, the student will be able to resit the missed exams.

For graduate students, the 2nd cycle of the exams will take place on Thursday 17/06/10 and on Friday 18/06/10. For all other students, the 2nd cycle will take place in September.
